Message from the President

Welcome to the Pride! Summer semester is a wonderful time to be a student at Wallace State, and many students choose this time to catch up or get ahead on course work. During summer, Wallace State also welcomes students from universities and colleges across the state who are home for the break, and those who want to enroll in a class of equal quality, guaranteed to transfer, at a fraction of the cost. Ask our advisors about the STARS statewide articulation system, which ensures seamless transfer of credit from Wallace State to colleges and universities in Alabama and beyond.

At Wallace State, there are a number of new opportunities to enhance your experience and prepare you for the future. Wallace State has been selected to launch a bachelor's degree nursing program in partnership with UAB. This model program recognizes Wallace State's outstanding record in nursing education and will serve as a model for the state. Other recently launched programs at WSCC include Dance, Geospatial Information Systems (GIS), Building Construction, Cardiovascular Sonography, Global Studies, Medical Laboratory Assistant, and a Small Farmer Training program.

New earn-and-learn programs, such as the FAME program for industrial maintenance students, a partnership with Toyota and other industries, a Mercedes Co-op program with our automotive service program, and a Kubota training partnership in our diesel mechanics program, allow Wallace State students to earn money and experience while completing credentials. Inquire with our Center for Career and Workforce Development Center to learn more.

Wallace State has been named an Achieving the Dream Leader College, ranked among the Top 150 community colleges in the nation by the Aspen Institute for the third time, the first-choice community college by Alabama high school seniors taking the ACT, and among the top colleges for health care and workforce development. The college has once again been recognized as a Military Friendly institution, with resources dedicated to honoring and serving our veterans on campus, and is receiving widespread acclaim as rates of student success, retention and graduation climb to among the highest in the nation.

Start planning now for your future. Please take time to review the summer semester offerings, contact an advisor to review a Pathways map and STARS guide for the program that's right for you. Take advantage of the Student Resources including our Tutoring Lab, and visit our Job Placement Center, where students can search for apprenticeships, internships, and job opportunities. Many offices offer virtual services for online students.

To learn more about all Wallace State has to offer, visit the Wallace State website, download our app, or visit Lion Central. Discover your story at Wallace State! We look forward to your involvement on our campuses!

Students wishing to accelerate completion of their degree might choose, for example, to complete ENG 101 during Mini Term I and ENG 102 during Mini Term II, so that both classes are done in one semester. Summer Mini Terms are typically 6 weeks due to the shorter summer semester and 8 weeks in fall and spring. Be sure to talk to your advisor if you have questions about scheduling.

NOTE: Students are encouraged to register for Mini Term II Classes during Registration April 14th to May 22nd. Students using financial aid may not be awarded additional funds if registration for Mini Term II is completed after May 22nd.

Withdrawal Policy

Withdrawal from a Course During Registration and Drop/Add Period

A student may drop a course on their myWallaceState account during registration until the drop/add period ends. The class and the charges will be removed from the student's records if dropped before classes begin.

Withdrawal from a Course After Registration and Drop/Add Period Ends

Once the drop/add period is over the student may withdraw from a course and will receive the grade of W in the course. The W will be posted on the official transcript and will not be used in computing the GPA. (The W will be used in calculating attempted hours for Satisfactory Academic Progress (SAP) to receive Financial Aid.) The last date to withdraw

from a course for the term is published in the current course schedule. Students can withdraw from a course via their myWallaceState account. Students who receive financial aid are advised to meet with the college financial aid department to determine impact on SAP.

Withdrawal from the College

A student may withdraw from the institution up to the deadline published in the course schedule. Withdrawing from all classes constitutes a withdrawal from the college. Once the drop/add period is over, the student may withdraw from a course or all courses and will receive the grade of W in each course in which they withdraw. The W will be posted on the official transcript and will not be used in computing the overall GPA. However,

the W will be used in the calculation for attempted hours on SAP. The last date to withdraw from a course (or all courses) is published in the current course schedule. Students can withdraw from the college via their myWallaceState account. Students who receive financial aid are advised to meet with the Financial Aid Department to determine if withdrawing from all classes will impact their Satisfactory Academic Progress (SAP).

If you experience issues withdrawing from a class due to holds on your account, please contact Jennifer Hill at jennifer.hill@wallacestate.edu

*All in-program nursing students should meet with nursing department prior to withdrawing from a class.

Students receiving financial aid should read the following information carefully:

Dropping a course prior to May 28, will result in a recalculation of a student's federal financial aid which includes Pell Grants, Direct Loans, and SEOG Funds. This recalculation could affect the amount of the financial aid award and may result in a balance owed to the college.

Dropping all classes prior to July 8, will result in a recalculation of federal financial aid which includes Pell Grants, Direct Loans, and SEOG Funds. This recalculation will be based on the number of days the student attended the class prior to dropping all classes. A student will likely owe a portion of financial aid back to Wallace State and/or the US Department of Education if all classes are dropped prior to Wednesday, July 8, 2020, or if the student quits attending classes prior to Wednesday, July 8, 2020.

APPLY EARLY – Students applying for financial aid should apply at least two (2) months before the next semester begins. Applying early will help ensure a timely response to federal guidelines and will allow for any unforeseen problems/situations that might occur. Applying early will also help the student avoid potential long lines or waits.

BOOKSTORE CHARGES

If Pell Awards exceed the amount of tuition and fees owed, students may charge books and supplies on their Pell accounts at the WSCC Bookstore. These accounts will be open for charges Monday, May 11.

DISTANCE EDUCATION students are responsible for logging in and meeting orientation requirements for all Blackboard, Internet, and video classes. Pell funds will not be distributed until attendance is verified.

BALANCE CHECKS

Per federal guidelines, attendance must be verified before balance checks can be mailed.

Students who have not been electronically verified as attending their classes by their instructors will not be able to see their Financial Aid funds on their myWallaceState account for that class that has not been confirmed as attending. As more classes are verified, more funds will be added to the student account balance that can be seen on myWallaceState student account.

PLEASE NOTE: Students in DISTANCE EDUCATION courses are responsible for logging in and meeting orientation requirements for all on-line and video classes. Pell and loan funds will not be mailed until attendance is verified. Pell Grant and Loan balance checks, with no holds, will begin mailing, Tuesday, June 2. If you are registered in classes that begin later than May 27, your balance check will be mailed at a later date. You must attend classes prior to any funds being mailed for a particular class. Withdrawal from all classes after receiving balance checks will result in Pell overpayment and future Pell payments for WSCC or any other college will cease until the overpayment is repaid. Students that register for courses in subsequent terms after May 26, 2020, may not be eligible to receive additional financial aid coverage if they

have previously registered for the term. This includes Pell Grant and Direct Loans. Please check with the Financial Aid Office before adding these late courses.

ATTENDANCE VERIFICATION

Removal of classes for no AV can affect eligibility for Financial Aid and the award amount. Students who do not show attendance for one or more classes will have registration removed for the classes lacking attendance verification. Students will need instructor permission to re-enroll in classes that were removed for no attendance verification. AV for Regular Term is due Wednesday, May 27.

INSTITUTIONAL SCHOLARSHIP recipients must complete a FAFSA prior to enrollment being completed. Scholarships cannot be added to the student account until the FAFSA is received. Students receiving an Institutional Scholarship are required to have attendance verified in each class.

REMEMBER

Students must re-file for Pell Grants for every academic year (fall – summer). The Free Application for Federal Student Aid (FAFSA) is available online at www.fafsa.gov. Students applying for 2019-2020 (fall 2019, spring 2020, summer 2020) Pell Grants must complete the forms with 2017 tax data. It is the student's responsibility to provide any additional information requested by the Financial Aid Office. The Grant cannot be awarded until the student's file is complete

** Priority Deadline for fall 2020 Financial Aid is June 1, 2020.

Completed Financial Aid paperwork must be submitted to the Financial Aid Office and Admission requirements (ID, residency, transcripts, etc.) by the deadline of June 1 in order for funds to be available for summer semester 2020. Living on campus has many advantages. Wallace State's residence halls provide an environment conducive to academic achievement and are conveniently located within walking distance to classrooms, the library, and other campus facilities. Residents often find that living in a dorm is a great way to become involved in student activities and make new friends.

Wallace State offers both men's and women's dormitories. The rooms are large and designed for double-occupancy, but a limited number of single rooms are available. Most rooms have two double beds, two study areas with storage units, a large walk-in closet and a private bath. Multiple laundry facilities are located in each residence hall with coin-operated washers and dryers.

Telephone and cable outlets are provided in each room.

The residence halls also provide community kitchen facilities. In addition, residents are allowed to have refrigerators and microwave ovens in their rooms. The WSCC Café, located in the School of Nursing and Center for Science, is open Monday-Thursday, from 7:30 a.m. to 5 p.m., and provides meals offered through the meal plan. A variety of restaurants are located adjacent to campus.
